5 Reasons Vinyl Siding Remains the Top Home Exterior Design Choice

Did you know? Vinyl siding is the primary cladding material on nearly one third of all new homes built.¹

1 Boosts Curb Appeal

THE COLOURS of Mitten Siding & Accessories are certified through the Vinyl Siding Institute (VSI) Product Certification Program for colour retention.

Its unmatched selection of profiles, shapes, textures and colours makes vinyl siding ideal for any home renovation.

Those who re-sided their homes with vinyl siding recouped more than 74% of that cost when selling.²

2 Never Absorbs Water

MITTEN SIDING & ACCESSORIES is weather resistant, fade resistant and insect resistant.³

WEATHER RESISTANT

FADE RESISTANT

INSECT RESISTANT

3 Never Requires Painting

MITTEN SIDING & ACCESSORIES are third-party tested and certified for quality and colour retention. The colour is inside the product, not on top of the surface. It does not crack, peel or fade.

Vinyl siding requires no painting or caulking, just simple cleaning with a garden hose.

4 High Performance

VIRTUALLY INDESTRUCTIBLE

RESISTS WIND SPEEDS UP TO 195 MPH/313KPH.

5 Peace of Mind

MITTEN SIDING & ACCESSORIES are backed by industry-leading warranties that last the lifetime of a home and transfer to the next owner.

LIMITED LIFETIME WARRANTY

MITTEN
BUILDING PRODUCTS

1. Canadian Consumer Practices Report - 2017, Home Innovations Research Center.
2. 2020 Cost vs. Value Report, Remodeling Magazine.
3. Vinyl siding is not a weather resistive barrier and must be installed according to installation instructions.
